

How to Log on for Video Visits – Mobile Instructions

Updated September 10, 2015

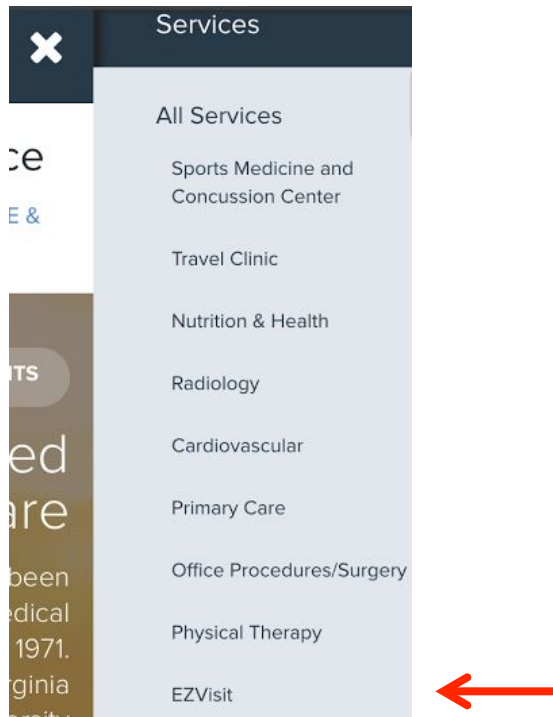

- 1) We recommend that you allocate 15 minutes for this process.
- 2) Go to the app store and download VSee (available for iPhone, Android, and iPad)
- 3) Open browser (only Internet Explorer 9 and above, Safari, Chrome, and Firefox are currently supported). "Private" browsing must be disabled to proceed.
- 4) Go to fairfaxfamilypractice.com and click on the menu icon at the top of the page.

- 5) Click on Services.

6) Click on EZ Visit.

7) On the next page, click on the “Start my EZVisit” button.

our physicians and staff. The purpose of this pilot is to discover any difficulties that may arise during the delivery of your care. We anticipate the need to make adjustments. Your input and suggestions are critical to the success of this program. Any constructive comments are always appreciated! Please send comments and suggestions to kmrodriguez@ffpcs.com

Mobile Instructions

For instructions on how to conduct a video visit using your mobile device (including smart phones and tablets), please click [here](#).

8) Indicate that you agree to the terms of the EZVisit

I understand that *

I must be in the state of Virginia during this visit.

I understand that *

My insurance will be billed appropriately as with any other medical visit.

Upon agreement of the above and clicking "Submit" below, you will be taken to your EZVisit.

SUBMIT

9) Complete these two questions and then click on "Enter Waiting Room".

Welcome to Fairfax Family Practice's Waiting Room

If this is an emergency, please call 911

Talk to a Fairfax Family Practice Centers provider

Please fill in your name to proceed
